

Wheaton Franciscan Healthcare and its dedicated staff offer the highest level of health care to individuals and families throughout southeastern Wisconsin. They combine new technologies and innovative treatments with a compassionate, healing environment. As one of the largest integrated regional health care delivery systems in Wisconsin, Wheaton Franciscan Healthcare provides one-fourth of the total health care delivered in Milwaukee, Racine, Ozaukee, Washington, and Waukesha counties.

The Wheaton Franciscan Care System includes:

- 5 general hospitals—All Saints, Elmbrook Memorial, Franklin, St. Francis, St. Joseph
- 3 specialty hospitals—The Wisconsin Heart Hospital, Midwest Orthopedic Specialty Hospital, and Children’s Hospital of Wisconsin.
- A network of outpatient centers, urgent care, and walk-in clinics.
- 3 transitional and extended care facilities
- Nearly 300 primary and specialty care physicians including Wheaton Franciscan Medical Group, Metro Physicians, Children’s Medical Group and other independent physicians
- Comprehensive lab and x-ray services conveniently located throughout the area
- Home health and hospice services
- Health and wellness programs

For a complete list of participating health care providers visit www.wpsic.com to access our “Find a Doctor” tool.

Specialized Care for Children

All Patient Choice Care Systems feature access to the premier pediatric programs and services available through the Children’s Hospital of Wisconsin and through pediatricians affiliated with the Children’s Medical Group and the Children’s Specialty Group. See the map on the right for hospital and clinic locations.

*Additional providers available at this location for speciality care.

Unique Services

Heart Care—The Wisconsin Heart Hospital, is the only dedicated cardiovascular hospital in Southeast Wisconsin. The hospital provides advanced and innovative cardiovascular medical and surgical services delivered in a care setting that revolves around the needs of patients and their families. Both inpatient and outpatient services are available.

Cancer Care—Wheaton Franciscan Healthcare provides a full complement of cancer care services and clinical trials, to include revolutionary “shaped beam radiosurgery” that allows surgeons to operate on tumors quickly, without anesthesia, incisions, or long recovery times.

Orthopedic Care—The new Midwest Orthopedic Specialty Hospital is the premier destination for orthopedic care in the Midwest. The hospital offers both inpatient, outpatient and rehabilitation services. The facility is specifically designed to ensure patients receive the ultimate experience in clinical and personal care.

Pregnancy and Birthing—Wheaton Franciscan Healthcare offers family-centered maternity care, a unique approach to childbirth based on the belief that having a baby is a natural, healthy, joyful experience to be shared by the whole family. Advanced services also include Level III Neo-Natal Intensive Care and Perinatal Assessment Center.
