

5010 EDITING OF NOC CODES

The 5010 electronic media claims (EMC) system reviews every claim for a number of edits to ensure that claim data is valid. 5010 Institutional claim transaction (837I) requires that when an Non-Specific or Not Otherwise Classified (NOC) procedure code is used in 2400/SV202-2 , then a description is require in the 2400/SV202-7.

Below is a link to the CMS NOC code set listing.
