Electronic Data Interchange (EDI) Enrollment

If you are currently enrolled to submit EDI transactions to Medicare you will not have to re-sign an EDI Enrollment Form for implementation. TriSpan will provide us with your existing Enrollment Form at the time of implementation.

Providers that will submit EDI claims directly to WPS will need to complete a self-registration process on our WPS Trading Partner System (WTPS) to prepare for transaction testing and production claim submission. WTPS is located at:

<http://corp-ws.wpsic.com/apps/wtps-web/unauth/wtps.do>. If your office submits EDI claims through a clearinghouse, your clearinghouse will need to register on our WTPS application.

After you complete registration on WTPS, we will send you the appropriate submitter ID and password information to connect to our WPS Bulletin Board System (BBS) through asynchronous telecommunications, along with our BBS user guide. If you use a clearinghouse, we will coordinate this information through your clearinghouse.

Providers without Internet access may register by contacting us at 1-866-503-9670.

Electronic Fund Transfer (EFT) Remittance Advices

WPS Medicare will execute new EFT agreements with all new Missouri providers. Letters have been sent out regarding these agreements. For more information, please contact the Medicare Part A Finance area at (866)734-1522.
