

**WPS State Maintenance Plan - SMP
2008 Directory**

(Revised September 2007)

21743-021-0801

Welcome to WPS SMP

Thank you for choosing the WPS SMP. This directory lists the names and addresses of the in-network providers available and the steps need to utilize your benefits to the fullest. **The network has changed. Please review the list to determine if your providers are in-network.** WPS SMP allows access to providers in designated Wisconsin counties with additional providers available in upper Michigan through the PPO Midwest Network (PPOM) and Minnesota in regions where Wisconsin providers are not prevalent enough to serve SMP's populations.

Choose an In-Network Provider

Each family member may utilize any WPS SMP Network provider.

Confirm your physician's participation in the WPS SMP Network by calling your WPS Member Services Representative at 1-800-634-6448 or by utilizing the WPS Web directory at www.wpsic.com/state. Provider updates will be provided as needed.

Remember to Seek A Referral

A formal WPS approved referral is required from your participating provider when:

1. Seeking care outside the SMP Network.
2. Seeking behavior health services from an out-of-network behavior health provider. For all behavior health services, WPS will request a treatment plan after 8 combined outpatient visits and monitor for medical necessity.

If approved, WPS will notify you the member, your referring physician as well as the physician you have been referred to see.

Retroactive referrals **are not** allowed. You should not utilize out-of-network providers until the request for referral has been reviewed and approved by WPS. Extensions should be submitted and approved prior to additional appointments. It is ultimately the member's responsibility to make sure the referral is submitted and approved prior to services received.

SMP Counties for 2008

State Employees (9 Counties)

Bayfield, Buffalo, Burnett, Florence, Forest, Iron, Marquette, Menominee and Pepin

Wisconsin Public Employees (7 Counties)

Bayfield, Buffalo, Florence, Forest, Iron, Menominee and Pepin

Eligibility for the SMP

All of the following apply:

- 1.) Participants under the age of 65 and/or not eligible for Medicare as the primary payor are eligible to participate in the SMP on the date they become participants.
- 2.) The requirements that a participant must be under age 65 and/or not eligible for Medicare is deferred until the participant's termination of employment with the State of Wisconsin.
- 3.) A participant whose participation in the SMP terminates because of Medicare eligibility automatically becomes a participant under the Medicare Plus \$1,000,000 coverage or if enrolled in Wisconsin Public Employers, the Standard Plan.
- 4.) The Board will determine the geographical area where the SMP may be offered.

Terminated Providers

Providers listed in the listing and/or any current publication of providers is available at the in-network level of benefits for the calendar year. This applies even if a provider group terminates its contract with WPS except in normal attrition (death, retirement, a move from the service area) or as a result of a formal disciplinary action relating to quality of care.

PROVIDER DIRECTORY DEFINITIONS

PRIMARY CARE PROVIDERS

Family Practice- Certified family physicians for primary medical care

Internal Medicine- The diagnosis and treatment of diseases and disorders of the internal organs

Pediatrics- The diagnosis and treatment of children's diseases

General Practice- Medical care for all age groups

SPECIALTY CARE PROVIDERS

Allergy- The diagnosis and treatment of allergic conditions including asthma

Anesthesiology- The administration of an anesthetic agent, usually by injection or inhalation, to achieve temporary, partial, or complete loss of sensation to a patient undergoing surgery

Cardiology- The diagnosis and treatment of heart disease

Cardiovascular Disease- The diagnosis and treatment of heart and blood diseases

Dermatology- The diagnosis and treatment of skin and skin diseases

Electrophysiology- The treatment of electrical phenomena associated with organs, tissues, and cells

Emergency Medicine- Medical care to meet urgent needs

Endocrinology- The diagnosis and treatment of diseases and disorders of the endocrine glands (thyroid, pituitary, pancreas, ovaries, and testes)

Gastroenterology- The diagnosis and treatment of diseases and disorders of the stomach, intestines, and related structures such as the esophagus, gallbladder, and pancreas

Geriatrics- The diagnosis and treatment of diseases of the elderly

Hematology- The diagnosis and treatment of diseases of the blood and related tissues

Infectious Disease- The diagnosis and treatment of infectious diseases (a subspecialty of internal medicine)

Neonatology- The treatment of newborns

Nephrology- The diagnosis and treatment of kidney disease

Neurology- The diagnosis and treatment of the brain and nervous system, conditions of nerves, brain, and related structures

Neuropsychiatry- The diagnosis and treatment of combined nervous and mental disorders

Neuropsychology- The diagnosis and treatment of conditions of the mind

Neurosurgery- Surgery of the nervous structures

Nuclear Medicine- Radioactive treatment of disorders

Obstetrics/Gynecology- The diagnosis and treatment of female reproductive problems, obstetrics, prenatal care, and childbirth

Oncology- The diagnosis and treatment of tumors and cancer

Ophthalmology- The diagnosis and treatment of diseases and injuries of the eye

Orthopedics- The diagnosis and treatment of bone, joint, and muscle disorders

Osteopathy- The diagnosis and treatment of the muscle/skeletal system including manipulation

Otolaryngology (Ear, Nose, and Throat)- The diagnosis and treatment of ear, nose, and throat (ENT) diseases

Pathology- Study of the nature and cause of disease in tissues, organs, and body fluids, which involves changes in structure and function including laboratory medicine

Perinatology- The treatment of fetuses and infants

Physiatry- A medical specialty dealing with rehabilitation of the physical body following illness, surgery, or injury

Physical Medicine- The diagnosis and treatment of musculoskeletal disorders and related body parts

Plastic and Reconstructive Surgery- The surgical repair of external physical defects or trauma, performing reconstructive and cosmetic surgery

Proctology- The diagnosis and treatment of diseases of the rectum and lower gastrointestinal tract

Psychiatry- The diagnosis and treatment of mental and behavioral disorders and alcohol and other drug abuse

Pulmonology- The diagnosis and treatment of lung conditions

Radiology- The diagnosis of injuries and diseases using X-ray and other medical imaging techniques

Radiotherapy- Radiation (X-ray) treatment of tumors

Rheumatology- The diagnosis and treatment of arthritis and conditions of the connective tissues including joints

Surgery - Arthroscopic- Joint surgery through the use of instrumentation not requiring a significant incision

Surgery - Cardiothoracic- Surgical repair of heart diseases

Surgery - General- Surgery primarily in the abdomen and related areas

Surgery - Hand- Surgery primarily in the hand and related areas

Surgery - Neurological- The surgical diagnosis and treatment of the brain and nervous system; conditions of the nerves, brain, and related structures through surgery

Surgery - Orthopedic- Surgery of bone and muscular conditions

Surgery - Peripheral Vascular- Surgery of the blood vessels in the arms and legs

Surgery - Thoracic- Surgery of the chest and blood vessels

Surgery - Vascular- Surgery of blood vessels

Surgery - Vitreo Retinal- Eye surgery on the back and liquid portion of the eye

Urgent Care- Medical care to meet urgent needs

Urology- The diagnosis and treatment of kidney and urinary tract conditions including sexual organs

Walk-in- Urgent Care Center

OTHER HEALTH CARE PROVIDERS

Alcohol/Drug Counseling- The diagnosis and treatment of alcohol and drug abuse

Ambulance Services- Emergency transport services

Audiology- The diagnosis and treatment of hearing disorders

Behavioral Health- The diagnosis and treatment of mental and behavioral disorders and alcohol and other drug abuse

Chiropractic- Treatment of disorders by manipulation of the spinal column

Dietetics- Diet management as directed by a physician

Durable Medical Equipment- Equipment intended for indefinite use to aid a medical condition

Endodontics- A dental specialty dealing with treatment of the pulp

Facial Pain & TMJ Management- The diagnosis and treatment of facial pain, disorders, and the temporomandibular joint

Home Health- Health care services delivered in the home by nursing personnel under the direction of a physician

Hospice- A care program for a terminally ill patient, generally done at home

Infusion Therapy- Administration of medications and/or fluids through a vein

Medical Imaging- CAT scan, MRI, sonography, and X-ray

Mental Health- The diagnosis and treatment of mental health, alcohol, and other drug abuse

Occupational Medicine- The diagnosis and treatment of illness related to employment

Optometry- Examination and treatment of certain eye conditions, including refractions for glasses and contact lenses

Oral Surgery- The surgical treatment of gums, teeth, and mouth disorders

Physical Rehabilitation- The diagnosis and treatment of disabling physical conditions

Podiatry- The diagnosis and treatment of foot conditions

Psychology- The diagnosis and treatment of mental and behavioral disorders and alcohol and other drug abuse

Skilled Nursing Care- Nursing care requiring the presence of a registered nurse or licensed practical nurse to carry out patient care

Speech and Language Therapy- The diagnosis and treatment of speech and speaking disorders

Sports Medicine- The diagnosis and treatment of conditions and injuries related to physical exercise

Important Notice: This listing of Preferred Providers may change periodically. If you have any questions regarding whether a specific provider is preferred, please contact him or her directly. Or, call your Focused Customer Service Representative at 1-800-634-6448.
