

**WPS State Maintenance Plan - SMP  
2010 Directory  
(Revised September 2009)**

24152-021-1001

# Welcome to WPS SMP

Thank you for choosing the WPS SMP. This directory lists the names and addresses of the in-network providers available and the steps need to utilize your benefits to the fullest. The network has changed. Please review the list to determine if your providers are in-network. WPS SMP allows access to providers in designated Wisconsin counties with additional providers available in upper Michigan through the PPO Midwest Network (PPOM) and Minnesota in regions where Wisconsin providers are not prevalent enough to serve SMPs populations.

## **Choose an In-Network Provider**

Each family member may utilize any WPS SMP Network provider.

Confirm your physicians participation in the WPS SMP Network by calling your WPS Member Services Representative at 1-800-634-6448 or by utilizing the WPS Web directory at [www.wpsic.com/state](http://www.wpsic.com/state). Provider updates will be provided as needed. Additional information will be available at the It's Your Choice Enrollment meetings and thereafter.

## **Remember to Seek A Referral**

Retroactive referrals are not allowed. A referral is the written form from a participating physician requesting any out-of-network services, including behavior health. You should not make an appointment until the request for referral has been reviewed and approved. Notification of the decision will be sent to you and your requesting participating physician. Extensions should be submitted and approved prior to additional appointments. It is ultimately the members responsibility to make sure the referral is submitted and approved prior to services being received.

A formal WPS approved referral is required from your participating provider when:

1. Seeking care outside the WPS SMP Network.
2. Seeking behavior health services from an out-of-network behavior health provider.

For all behavioral health services, WPS will request a treatment plan after 8 combined outpatient visits and monitor for medical necessity.

3. When services are performed by SMP participating providers and the SMP providers determine you need to receive services from affiliated providers listed below, you can receive covered services without a referral. These services include, but are not limited to labs and outreach specialty services.

St. Marys Duluth Clinic and Hospital-Duluth

Care North Providers and St Lukes Hospital Duluth

Franciscan Skemp Clinic and Hospital -LaCrosse

Luther Midelfort Clinic and Luther Hospital-Eau Claire

Other PPOM providers in upper Michigan

## **SMP Counties for 2010**

### **State Employees (8 Counties) \***

Bayfield, Crawford, Florence, Forest, Iron, Marquette, Menominee and Pepin

### **Wisconsin Public Employees (7 Counties) \***

Bayfield, Crawford, Florence, Forest, Iron, Menominee and Pepin

\* The directory lists providers in Wisconsin and adjoining counties in the Upper Peninsula and Minnesota that support SMP designated counties. Only Minnesota providers listed in Dakota, Hennepin, Ramsey and Washington will be considered in-network.

## **Eligibility for the SMP**

All of the following apply:

- 1.) Participants under the age of 65 and/or not eligible for Medicare as the primary payor are eligible to participate in the SMP on the date they become participants.
- 2.) The requirements that a participant must be under age 65 and/or not eligible for Medicare is deferred until the participants termination of employment with the State of Wisconsin.
- 3.) A participant whose participation in the SMP terminates because of Medicare eligibility automatically becomes a participant under the Medicare Plus \$1,000,000 coverage for former employees of the State, or if enrolled in Wisconsin Public Employers, the Standard Plan.
- 4.) The Board will determine the geographical area where the SMP may be offered.

## **Terminated Providers**

Providers who have recently discontinued their participation in this WPS network no longer appear on our WPS website. To maximize your benefits you are encouraged to seek future care from active in-network providers listed in this directory.

Providers listed in the listing and/or any current publication of providers is available at the in-network level of benefits for the calendar year. This applies even if a provider group terminates its contract with WPS except in normal attrition (death, retirement, a move from the service area) or as a result of a formal disciplinary action relating to quality of care.

# PROVIDER DIRECTORY DEFINITIONS

## PRIMARY CARE PROVIDERS

**Family Practice-** Certified family physicians for primary medical care

**Internal Medicine-** The diagnosis and treatment of diseases and disorders of the internal organs

**Pediatrics-** The diagnosis and treatment of children's diseases

**General Practice-** Medical care for all age groups

## SPECIALTY CARE PROVIDERS

**Allergy-** The diagnosis and treatment of allergic conditions including asthma

**Anesthesiology-** The administration of an anesthetic agent, usually by injection or inhalation, to achieve temporary, partial, or complete loss of sensation to a patient undergoing surgery

**Cardiology-** The diagnosis and treatment of heart disease

**Cardiovascular Disease-** The diagnosis and treatment of heart and blood diseases

**Dermatology-** The diagnosis and treatment of skin and skin diseases

**Electrophysiology-** The treatment of electrical phenomena associated with organs, tissues, and cells

**Emergency Medicine-** Medical care to meet urgent needs

**Endocrinology-** The diagnosis and treatment of diseases and disorders of the endocrine glands (thyroid, pituitary, pancreas, ovaries, and testes)

**Gastroenterology-** The diagnosis and treatment of diseases and disorders of the stomach, intestines, and related structures such as the esophagus, gallbladder, and pancreas

**Geriatrics-** The diagnosis and treatment of diseases of the elderly

**Hematology-** The diagnosis and treatment of diseases of the blood and related tissues

**Infectious Disease-** The diagnosis and treatment of infectious diseases (a subspecialty of internal medicine)

**Neonatology-** The treatment of newborns

**Nephrology-** The diagnosis and treatment of kidney disease

**Neurology-** The diagnosis and treatment of the brain and nervous system, conditions of nerves, brain, and related structures

**Neuropsychiatry-** The diagnosis and treatment of combined nervous and mental disorders

**Neuropsychology-** The diagnosis and treatment of conditions of the mind

**Neurosurgery-** Surgery of the nervous structures

**Nuclear Medicine-** Radioactive treatment of disorders

**Obstetrics/Gynecology-** The diagnosis and treatment of female reproductive problems, obstetrics, prenatal care, and childbirth

**Oncology-** The diagnosis and treatment of tumors and cancer

**Ophthalmology-** The diagnosis and treatment of diseases and injuries of the eye

**Orthopedics-** The diagnosis and treatment of bone, joint, and muscle disorders

**Osteopathy-** The diagnosis and treatment of the muscle/skeletal system including manipulation

**Otolaryngology (Ear, Nose, and Throat)-** The diagnosis and treatment of ear, nose, and throat (ENT) diseases

**Pathology-** Study of the nature and cause of disease in tissues, organs, and body fluids, which involves changes in structure and function including laboratory medicine

**Perinatology-** The treatment of fetuses and infants

**Physiatry-** A medical specialty dealing with rehabilitation of the physical body following illness, surgery, or injury

**Physical Medicine-** The diagnosis and treatment of musculoskeletal disorders and related body parts

**Plastic and Reconstructive Surgery-** The surgical repair of external physical defects or trauma, performing reconstructive and cosmetic surgery

**Proctology-** The diagnosis and treatment of diseases of the rectum and lower gastrointestinal tract

**Psychiatry-** The diagnosis and treatment of mental and behavioral disorders and alcohol and other drug abuse

**Pulmonology-** The diagnosis and treatment of lung conditions

**Radiology-** The diagnosis of injuries and diseases using X-ray and other medical imaging techniques

**Radiotherapy-** Radiation (X-ray) treatment of tumors

**Rheumatology-** The diagnosis and treatment of arthritis and conditions of the connective tissues including joints

**Surgery - Arthroscopic-** Joint surgery through the use of instrumentation not requiring a significant incision

**Surgery - Cardiothoracic-** Surgical repair of heart diseases

**Surgery - General-** Surgery primarily in the abdomen and related areas

**Surgery - Hand-** Surgery primarily in the hand and related areas

**Surgery - Neurological-** The surgical diagnosis and treatment of the brain and nervous system; conditions of the nerves, brain, and related structures through surgery

**Surgery - Orthopedic-** Surgery of bone and muscular conditions

**Surgery - Peripheral Vascular-** Surgery of the blood vessels in the arms and legs

**Surgery - Thoracic-** Surgery of the chest and blood vessels

**Surgery - Vascular-** Surgery of blood vessels

**Surgery - Vitreo Retinal-** Eye surgery on the back and liquid portion of the eye

**Urgent Care-** Medical care to meet urgent needs

**Urology-** The diagnosis and treatment of kidney and urinary tract conditions including sexual organs

**Walk-in-** Urgent Care Center

**OTHER HEALTH CARE PROVIDERS**

**Alcohol/Drug Counseling-** The diagnosis and treatment of alcohol and drug abuse

**Ambulance Services-** Emergency transport services

**Audiology-** The diagnosis and treatment of hearing disorders

**Behavioral Health-** The diagnosis and treatment of mental and behavioral disorders and alcohol and other drug abuse

**Chiropractic-** Treatment of disorders by manipulation of the spinal column

**Dietetics-** Diet management as directed by a physician

**Durable Medical Equipment-** Equipment intended for indefinite use to aid a medical condition

**Endodontics-** A dental specialty dealing with treatment of the pulp

**Facial Pain & TMJ Management-** The diagnosis and treatment of facial pain, disorders, and the temporomandibular joint

**Home Health-** Health care services delivered in the home by nursing personnel under the direction of a physician

**Hospice-** A care program for a terminally ill patient, generally done at home

**Infusion Therapy-** Administration of medications and/or fluids through a vein

**Medical Imaging-** CAT scan, MRI, sonography, and X-ray

**Mental Health-** The diagnosis and treatment of mental health, alcohol, and other drug abuse

**Occupational Medicine-** The diagnosis and treatment of illness related to employment

**Optometry-** Examination and treatment of certain eye conditions, including refractions for glasses and contact lenses
